SPATIAL ARCHITECTURE • BESPOKE INTERIORS

TIRUPATI • BANGALORE • HYDERABAD • EST. STUDIO MONOGRAPH

Spaces sculpted by light, proportion & monolithic materiality.

THE ARTIHC STUDIO conceives architectural sanctuaries and refined interior environments. Every project is an uncompromising pursuit of calm spatial geometry and timeless tactile craft.

[II] • STUDIO MANIFESTO

Architecture begins when two bricks are put together carefully.

At THE ARTIHC STUDIO, we believe an interior is not mere decoration. It is an enduring spatial sanctuary that shapes how one lives, reflects, and connects.

READ STUDIO STORY

01

Volumetric Proportion

We organize space through disciplined structural axes and natural sightlines, allowing light and air to sculpt the spatial experience before interior furnishings are considered.

• CORE DISCIPLINE

02

Honest Materiality

Our tactile palette celebrates authentic materials—honed Navona travertine, quarter-sawn fumed oak, patinated architectural bronze, and breathable lime wash plasters.

• CORE DISCIPLINE

03

Light as an Element

Natural daylight is treated as a core architectural building material. We sculpt openings and conceal ambient fixtures to create atmospheric warmth that shifts throughout the day.

• CORE DISCIPLINE

04

Turnkey Craftsmanship

Uncompromising execution from initial site zoning to bespoke millwork fabrication and white-glove handover across Tirupati, Bangalore, and Hyderabad.

• CORE DISCIPLINE

[III] • SELECTED MONOGRAPHS

Curated Architectural Works

A selection of recent residential estates, duplex penthouses, and bespoke sanctuaries across South India.

VIEW ALL PROJECTS ↗

RESIDENTIAL ARCHITECTURE 2025

The House of Allay

A monolithic private residence exploring the dialogue between fluted limestone, concealed ambient illumination, and double-height volumetric expanses.

Jubilee Hills, Hyderabad VIEW MONOGRAPH ↗

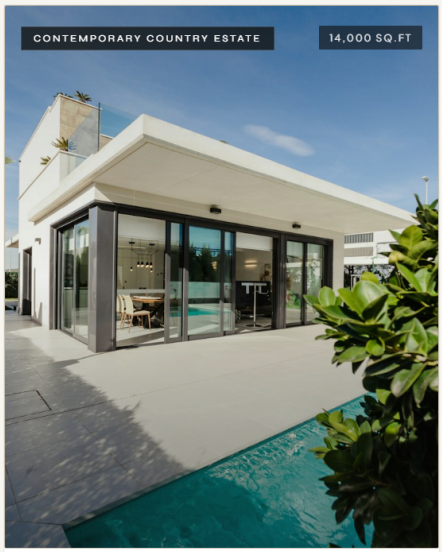

RESIDENTIAL ARCHITECTURE 2025

Montique Residence

An elevated urban penthouse defined by tactile fumed oak wall paneling, sculpted marble fireplaces, and panoramic city vistas.

Indiranagar, Bangalore VIEW MONOGRAPH ↗

BESPOKE & HOSPITALITY 2024

Farm Bijou

A sprawling weekend retreat nestled against the sacred foothills, harmonizing raw local granite, aged teak, and expansive courtyard verandahs.

Tirupati Foothills VIEW MONOGRAPH ↗

Architectural & Spatial Offerings

Offerings

A rigorous methodology spanning initial site planning through bespoke joinery and turnkey completion.

EXPLORE ALL DISCIPLINES ↗

01 Architectural Planning & Spatial Design

Comprehensive architectural concept formulation, structural volume organization, volumetric studies, and regulatory compliance mapping.

- Site analysis, solar path study & microclimate response
- Volumetric spatial organization & circulation programming
- Structural coordination with MEP and structural engineers

VIEW SCOPE & PROCESS ↗

02 Bespoke Luxury Residential Interiors

Tailored interior architecture for private residences, luxury duplexes, and villas with bespoke joinery and material precision.

- Full interior architectural elevations, sections & reflected ceiling plans
- Detailed millwork, bespoke cabinetry & hidden storage engineering
- Curated natural stone, timber, tile & fabric specifications

VIEW SCOPE & PROCESS ↗

03 Commercial & Workplace Architecture

Dynamic corporate headquarters, executive pavilions, and boutique commercial environments that reinforce organizational identity.

- Workplace programming & density zoning analysis
- Acoustic engineering & privacy zoning strategies
- Executive suites, boardrooms & collaborative pavilions

VIEW SCOPE & PROCESS ↗

04 Custom Millwork, Furniture & Art Curation

One-of-a-kind furniture design, custom joinery fabrication, and international art curation tailored to each specific interior space.

- Original furniture conceptual sketches & shop fabrication drawings
- Artisan coordination for timber carving, stone cutting & metalwork
- Textile, leather, rug & bespoke window dressing curation

[V] • TACTILE ATELIER

Materiality & Architectural Substance

We select materials that age with dignity. Spaces are composed through genuine tactile contrast rather than superficial ornament.

MASONRY & PLINTHS
Honed Navona Travertine

BESPOKE MILLWORK
Quarter-Sawn Fumed Oak

HARDWARE & REVEALS
Hand-Patinated Architectural Bronze

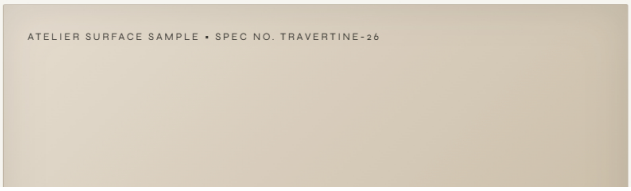

VOLUMETRIC SURFACES
Acoustic Lime Wash Plaster

SCULPTURAL STONE
Calacatta Oro Marble

• ORIGIN: TIVOLI, ITALY

Honed Navona Travertine

Vein-cut natural limestone with microscopic surface voids left unfilled for natural tactile honesty. Used extensively in plinths, hearth surrounds, and master vanity

volumes.

Honed Navona Travertine

100% AUTHENTIC EXTRACTION
